HIS MALADY.

The malady which terminated in his death

was said to be a combination of kidney- and

liver-diseases, and he has been a sufferer

from asthma for some years. In fact, his

health has never been good since soon after

his succession to the Archbishopric of Bal-

timore. With short seasons of rest, how-

ever, he continued to discharge his duties

until about eighteen months ago, when he

was compelled to desist entirely from his

labors. Early last spring, during the season

of Lent, he spent several weeks in Rich-

mond in the hope that his health would be

benefited. Upon returning to Baltimore,

and finding that his malady was assuming

a more serious form, he decided to go to

Europe, which he did; but after an absence

of several months he again returned home-

The City Jail .- Dr. William R. Weisiger and Messrs. Samuel R. Owens and P. H. A private telegram received in Richmond Gary, the commission appointed to examine published. The substance of it was that the Fifty cents a bottle.

It is proper in this connection to state that there has recently been no complaint of taken away from the place of delivery, but ful excursion to the Natural Bridge, the jail, either as regards the conduct of the Weyer's Cave, Lexington, Lynchburg, inmates or its offensive odor. Should cir-Charlottesville, the home of Jefferson, and cumstances ever justify it a jail will be

> The Mayoralty.- In view of the almost conceded elevation of Mayor L. R. Chiles being agitated. As yet there have been of course no formal announcements, but several gentlemen are known to be, like Bar-Mr. Henry Laube will render two solos kis, "willing," and to "cast a longing, lingfor violin, "La Melancholie" and "Le Car- ering look" on the high position. There seems to be some difference of opinion as to the mode of selecting a mayor ad interim. Some contend that the appointment lies with the Hustings Court judge, others that the City Council will elect. This matter will doubtless be satisfactorily settled if the occasion of filling the vacancy should arise. It is a matter of congratulation that tion or a city convention, and also of a special election. Should Mayor Chiles be elected senator he will probably resign his position, to take effect December 1st.

> > Goode's Bridge.-The bridge inspected y Judge Clopton was Goode's bridge, in lover Hill district, over the Appomattox river, and on the dividing line between Chesterfield and Amelia counties. An order in reference to the bridge will be entered at the October term of Chesterfield Court, which commences October 8th.

The Public Schools .- The number of scholars enrolled in the white and colored schools of the city on Monday was 359. A POLITICAL.-There will be a meeting of number of new entries have been made the City Conservative Committee at the since, and the number now in attendance is

Death of an Old Resident .- Joseph Vest, aged over seventy years, one of the oldest and most respected citizens of Chesterfield county, died Tuesday at his residence, near Fendley's station, in Dale district. The deceased was a prominent Granger, and his funeral yesterday was largely attended by his fellow-members of the county granges.

Personal .- Among the visitors to the city vesterday were George P. Lynch, Esq., of Matoaca, one of the Conservative candidates for the Legislature, and Dr. Thomas B. Dorsett, from the Yellow-Jacket region. Dr. Dorsett received a very complimentary vote at the recent legislative convention, and his example as an ardent supporter of the regular ticket is worthy of emulation by all who submitted their claims to the decision of that convention. Jail to Let .- A white flag flies over the Chesterfield jail at the old court-house.

This denotes that the jail is empty. The last prisoner was discharged at the September term of the County Court. It has been many years since the jail was without an occupant, with all due respect to Philip Cogbill, the efficient jailor. It is the wish of the people that it may long remain empty. Mayor's Court-Justice Gentry presiding .- Samuel Womack, charged with ob-

taining a pair of shoes from Eli Henson under false pretences, was discharged on payment of costs and promise to pay for the goods immediately. Womack was subsequently arrested on complaint of N. B. Johnson, on a charge of stealing \$4.50 in currency from him. Johnson's house was robbed a few nights since, and Womack, who boards there, is suspected. Michael Wallace, from Baltimore, charged

with vagrancy and drunkenness, was told to go and sin no more; but informed if he would sin and was caught at it in Manchester that he would be put to work paving Bridge avenue or lower Hull street.

CONSUMPTION CAN BE CURED! SCHENCK'S PULMONIC SYRUP. SCHENCK'S SEA-WEED TONIC.

are the only medicines that will cure Pulmonary Consumption. Frequently medicines that will stop a cough will occasion the death of the patient; they lock up the liver, stop the circulation of the blood, hæmorrhage follows; and, in fact, they clog the action of the very organ that caused the cough.

Liver-Complaint and Dyspepsia are the causes of two thirds of the cases of Consumption. Many persons complain of a dull pain in the side, constipation, coated tongue, pain in the shoulder-blade, feelings of drowsiness and restlessness, the food lying neavily on the stomach, accompanied with acidity and belching up of wind.

These symptoms usually originate from a disor dered condition of the stomach or a torpid liver. Persons so affected, if they take one or two heavy colds, and if the cough in these cases be suddenly checked, will find the stomach and liver clogged, remaining torpid and inactive, and almost before they are aware the lungs are a mass of sores and ulcerated

Schenck's Pulmonic Syrup is an expectorant which does not contain opium, or anything calcu lated to check a cough suffdenly. Schenck's Sea-Weed Tonic dissolves the food,

mixes with the gastric juices of the stomach, aids digestion, and creates a ravenous appetite. When the bowels are costive, skin sallow, or the symptoms otherwise of a billous tendency, Schenck's Mandrake Pills are required. These medicines are prepared only by
